Glove Code Standard

The standard length of a glove code is **21 characters** (excluding the dash “-” symbol), or **25 characters** if there are additional requirements.

The glove code contains specific information in the following sequence: **Material, Type, Process, Weight, Length, Colour, Specialty and Additional Requirements** (if applicable).

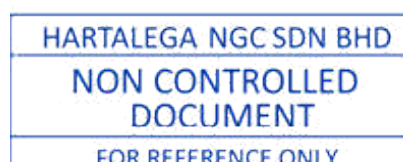

Examples:

Material	Type	Process	Weight	Length	Colour	Specialty	Additional Requirement
1. NB-AB-OLPF- 030-SE-VBLU-EN6N							
NB	AB	OLPF	030	SE	VBLU	EN6N	
2. NB-AB-OLPF-034-SE-GREY-ASTM-VALD
